CHATSWORTH, Calif., Mar 11, 2003 /PRNewswire via COMTEX/ -- ScanPlanet.com promises one stop shopping for specialty technology solutions and an efficient buying process for barcode scanners, wireless data collection devices, mobile computers, industrial Pocket PC, barcode printers, and 2D part scanners. Barcode scanners are used in all markets from manufacturing, shipping, warehousing, healthcare and retail merchandising. We believe it is one of the most comprehensive sources for name brand AUTO ID and Data collections products from top vendors like Symbol, Zebra, Intermec, PSC, HHP, Code and RVSI. ScanPlanet.com also makes available exclusive complete packages for RVSI 2D part scanners. We are also supplying Code(TM) barcode scanners featuring the world's first all-application bar code reader the Code Reader 2. No other online Auto ID solution provider offers the capabilities of [www.scanplanet.com](http://www.scanplanet.com) product lineup. We are proud to offer our customers Cisco wireless solutions and backup power products from APC to help them build their internal infrastructure to support wireless LANs as well as wireless data collection. ScanPlanet.com offers a wide range of automation hardware & software for Point-of-Sale (POS) buyers as well as flat panel touch screens which are making big inroads in retail, hospitality and medical applications. "The goal of Scanplanet.com is to provide project managers and purchasing directors with an auto id and data collection portal for research as well as acquiring the hardware, software and engineering services for automation projects while reducing over all deployment cost," says Gamal Balady president and CEO of MASS Group. "We see a huge growth potential for the retail line of our POS products. Many of the security products offered to POS customers are making business easier and more secure driving sales opportunities."

ScanPlanet.com showcases several manufacturers offering rugged hand held wireless devices using various operating systems such as Palm OS(R), Microsoft(R) Pocket PC, and Tablet computers for extreme industrial environments. Buyers can choose from a wide array of printing solutions from Zebra including wireless portable printers for mobile workers. Portable computers from HHP, Symbol and Intermec are helping workers increase efficiency and reduce costs.

ScanPlanet.com offers their customers phone support to help in making the decision process easier for complex installations and purchases. Sometimes there are very minute differences in product functionality or compatibility with current software. Customers can call 1 (800) 842-2790 if they can't find the information they need on the ScanPlanet.com.

The ScanPlanet.com Solution Center, offers several solutions to enterprise problems such as warehouse management. ScanPlanet.com offers comprehensive warehousing and distribution systems for modern high capacity distribution facilities. "Unique to ScanPlanet.com is our ability to setup our higher volume customers with added special pricing for online sales," states John McPherson, Director Of Business Development at ScanPlanet.com.
